# Next Generation Technologies Fund – CYBER

# Application Form

Use this form to respond to the Cyber Call for Applications Ref: Objective File AV15775203

Proposals are to be submitted by **4.30 pm Australian Eastern Daylight Time (AEDT), 6 August 2018**.
Only projects submitted via email to Cyber-NGTF@dst.defence.gov.au by the above deadline will be considered in this round. By submitting an application you are agreeing to the terms of the Cyber Call for Applications. Use this Application Form to apply for *one* Cyber Technology Project (i.e. use a separate form for separate Project Applications).

**Ensure that all contact details, current and potential University, DST or Data61 collaborators details are on this page only.** The proposals will be de-identified during the selection process to eliminate any potential conflicts of interest.

## *Please complete all fields*

**Applicant Details**

| | |
|---|---|
| **Organisation Legal/Registered Entity Name:** | |
| Australian Business Number: | |
| Is Organisation an Australian University or Publicly Funded Research Organisation? | Yes ☐          No ☐ |
| Registered Address: (Street address, Suburb, State & Postcode) | |
| Main Place of Business: (Street address, Suburb, State & Postcode) | |
| Applicant Representative Name: | |
| Applicant Representative Phone: | |
| Applicant Representative Email | |

**Collaborative Arrangements**

| | |
|---|---|
| Does the Applicant have any project partners? | Yes ☐          No ☐ |
| What is the arrangement between project partners? | |

**Project Partner Organisation Details – list any project partners here**

| Legal/Registered Entity Name | Business Number (if applicable) | Representative Name |

## Proposal Details

Proposals submitted will be assessed equally against the following criteria:

- Alignment to Defence strategy and impending priorities (e.g. Cyber technologies of high relevance to Defence)
- Future science criticality
- Collaboration depth (e.g. Collaboration with DST staff, Data61 staff, other universities, etc.)
- Delivery of outcomes (e.g. the ability of the proposal to deliver the agreed outcomes and milestones)
- Game changing potential to Defence

**Provide a short title for your proposal (Maximum 100 characters):**

**Which NGTF Cyber Technology Project does your Proposal Application address?**

**Provide a summary of your proposal (<u>Maximum 2000 words</u>) to address the assessment criteria, including:**

- **The background and current status of any research or technology underpinning this proposal, including TRL**
- **Intended objectives, outcomes and activities to be undertaken as part of your proposed research project**
- **Intended TRL on completion of your project**
- **Estimated funding (GST Exclusive) being sought for the project**
