

HUMS 2021 Newsletter 6 — Important Update for HUMS 2021

This is a big newsletter, we have info about HUMS going fully virtual, we introduce ACAM10, the HUMS program, talk about our new web presence, and registrations (which are now open).

Virtual HUMS 2021

Sadly, the AVALON AIRSHOW will not go ahead this year, official statement here:

<https://www.airshow.com.au/airshow2023/PUBLIC/media/media-releases.asp>

And yet, the 12th DST International Conference on Health and Usage Monitoring will not be stopped. HUMS 2021 will continue as a *fully virtual* conference. The last-minute changes to papers are underway as we speak, presentations will be viewable all delegates with an internet connection, and there will be some surprises also.

Joining ACAM10

Also this year, HUMS'21 and our parent congress AIAC19 will also be held in conjunction with the 10th Australasian Congress on Applied Mechanics (ACAM10). This will add additional branch of sub themes to the program with presentations on such topics as Additive manufacturing and advanced manufacturing, Advanced materials and structures and Biomechanics, bio/sustainable composites to name a few.

Full list of ACAM10 themes and subthemes can be found here

<https://acamconference.com.au/program/theme-and-sub-themes>

Draft Program

<https://www.aiac.com.au/program>

Registration Open

Registration to the re-imaged *online only* conference is now open with an adjusted fee structure. Keep 29 Nov–01 Dec marked on your calendar, and **register now** at

<https://www.aiac.com.au/registration>

Early bird registrations are available until 31 Oct 2021.

You can register for AIAC (includes HUMS), with the option of adding ACAM, which is more conference and good value. Group discounts, and rates for 1-day-only/full-conference, student, retired and member. For the detailed list of prices and everything included, see the registration link above. Don't forget to add plenary sessions.

Web Presence

Our new website for HUMS 2021 is now live <https://www.dst.defence.gov.au/event/hums-2021>

The old website remains active, but the front page will try to redirect you, unless you insist, but be warned, updates will be at the new website only.

Our social media experiment has turned full circle, future social media posts will come from the **Defence Science** accounts below, so feel to follow, subscribe etc.. to the following

<https://twitter.com/DefenceScience>

<https://www.youtube.com/user/DSTOvideo>

<https://au.linkedin.com/company/defence-science-and-technology-group>

<https://www.instagram.com/defencescience>

The hashtag **#HumsConf** is also still able to be used to join the conversation.

HUMS2021 Chair: Ms Joanna Kappas from DST Group.

HUMS2021 Gold Sponsor: [ETMC Technologies](https://etmc.com.au) <https://etmc.com.au>

We look forward to seeing you online.

HUMS 2021 Committee

Mailing List Self-Management Instructions

This newsletter has been sent only to all whose email addresses are in our Hums conference database. If you are no longer interested in this, you may unsubscribe as detailed below. If you know someone who may be interested, please forward this email to them to subscribe. You can reply to this email with the subject changed to:
